Bristol Shores Campground 2023-2024 Snow Removal Agreement

I/we hereby authorize Blueberry Shores at Newfound LLC to plow and/or snow blow our driveway at Campsite # _____ for the 2023/2024 Winter Season. (Driveways will not be plowed when the campground is closed). This Agreement is for Snow Removal from the driveway area only. Walkways and stairs are not included. Snow removal will be complete within 48 hours after the storm ends.

Ice from freezing rain, ice storms, and ice accumulation are the responsibility of the unit owner. Please remember that Blueberry Shores is prohibited from using melting agents so it is possible for some ice to accumulate on the roads and driveways.

If you wish to purchase this service, please fill out the form and mail it back with the payment **BEFORE October 15th** so that the driveway can be staked before the ground freezes. Late form submission will require a \$50.00 late fee. This is an all or nothing service, we do not offer a per storm service. **Owners are responsible to stake their patios and walkways and other hazards to the snow blower.** We will not be responsible for any damage to areas that are not marked such as edgings and patios. Residents are not permitted to use outside contractors or personal snowplows for snow removal.

I have enclosed a check for \$350.00 made payable to Blueberry Shores at Newfound LLC for this service.
